Established in 1998, Angels Foster Family Network is dedicated to creating safe, stable and loving homes for infants and toddlers in foster care throughout San Diego County. Our mission is to *passionately and collaboratively care for children five and younger with diverse and exceptional families who dedicate themselves to each child's wellbeing.*

Unlike traditional foster care, we place only one child or siblings with each of our Resource Families (foster families) ensuring that the best physical, emotional and developmental support is provided during their stay.

As a sponsor of our annual Fostering Futures event, you will support our effort to recruit, train, approve and retain Angels' Resource Families. Growing the number of families who foster allows us to care for additional children who need and deserve an Angels' home.
